

## PROFESSIONAL SUMMARY

I am a highly skilled Full-Stack Developer with over 4 years of experience in designing and developing scalable web applications. I excel in leading cross-functional teams in Agile environments and have expertise in various technologies, including PHP, Angular, and cloud platforms such as AWS. My focus is on delivering quality code and improving development processes, making me a valuable asset in any tech-driven organization.

## KEY SKILLS

Automated Testing, AWS, Azure, CSS, Cybersecurity, Django, Docker, Ecommerce, Flask, Git, GitHub, GitLab, HTML, IBM, IBM Cloud, JavaScript, Jenkins, Jest, jQuery, Kanban, Karma, Kubernetes, Linux, LMS, MongoDB, Next.js, Payment Gateways, PHP, PostgreSQL, Python, React, Scrum, Stripe, Ubuntu, Node.js, Express.js, Microservices, Gmail, Angular.

## PROFESSIONAL EXPERIENCE

### **Intencode India Pvt. Ltd. – Full-Stack Developer**

Hyderabad, India |  Oct 2022 – Present

- Developed multilingual customer portals and APIs integrated with payment systems (Stripe, Billplz, Phonepe, Razorpay).
- Designed and implemented CI/CD pipelines using Jenkins, Docker, and AWS.
- Optimized backend services and APIs for better scalability and performance.

### **IBM India – Full-Stack Developer Intern**

Remote |  Sept 2021 – Feb 2022

- Worked with Node.js, Angular, and MongoDB to develop enterprise-level applications.
- Assisted in implementing automated testing strategies, enhancing development cycles and deployment reliability.

### **Freelance Full-Stack Developer**

Remote |  Jan 2020 – Sept 2022

- Led the development of eCommerce platforms, Learning Management Systems (LMS), appointment booking systems, and chat applications.
- Incorporated payment gateways like PhonePe, Stripe, Razorpay for seamless transactions.
- Built microservices architectures and deployed them on AWS, Azure, and IBM Cloud, with full CI/CD pipelines using Docker and Jenkins.
- Delivered high-quality, scalable code while following Agile development practices.

## EDUCATION

### M.Sc. in Information Security

Indira Gandhi National Open University, Hyderabad |  Jan 2025 – Jan 2026

### Post Graduate Diploma in Information Security

Indira Gandhi National Open University, Hyderabad |  Jan 2024 – Jan 2025

### Bachelor of Commerce

YCMOU, Maharashtra |  June 2019 – Aug 2022

### Diploma in IT Networking & Cloud Computing

National Skill Training Institute, Hyderabad |  Nov 2019 – May 2022

## Key Achievements

### Multilingual Customer Portal Development

- Successfully developed a multilingual customer portal that merged multiple payment systems, enhancing user experience

### AI-Enabled LMS Project

- Created and deployed an AI-enabled Learning Management System with personalized course recommendations

## PROJECTS

### AI-Enabled LMS

- Developed an AI-powered Learning Management System (LMS) with personalized course recommendations.
- Used Angular for the frontend, and PHP and Django for the backend, deployed on Azure using Docker.

### eCommerce Web Platform

- Built a fully functional eCommerce platform with React, Next.js, Stripe, and PhonePe blended.
- Designed and implemented CI/CD pipelines with GitLab for seamless deployments.

### Appointment Booking System

- Created a real-time booking system with a Node.js and Python backend, integrated with PostgreSQL.

## SOFT SKILLS & INTERESTS

**Skills:** Team Collaboration, Communication, Problem-Solving, Time Management

**Interests:** Cybersecurity, AI in Web Development, Open-Source Contributions
